

# **NON-DEGREE**

If you want to enroll at OSU, but do not wish to pursue a degree you may be permitted to enroll in up to 9 credit hours without meeting admission requirements. (Requests to exceed the 9- hour limit are submitted to the Vice President for Academic Affairs.) Should you wish to continue beyond the 9-hour limit, you would be required to meet the applicable admission criteria and University retention standards.

The Non-Degree admission category is not available to all applicants. Please contact the Office of Admissions if you are interested in pursuing admission to OSU as a Non-Degree student.
