CASNR and its departments annually award more than $1.4 million in scholarships to students enrolled in and entering the college.

When awarding scholarships, CASNR looks at several areas of a student's background including (but not limited to) scholastic standing in high school or college, leadership qualities, financial need and sincere interest in the various CASNR disciplines.

In addition to the college and departmental levels, scholarships also are offered by the university. College and departmental scholarships can be combined with university-level scholarships.

University Level
Students from all majors are considered for university scholarships.

College Level
All students who have selected a major within CASNR are eligible for consideration.

Departmental Level
CASNR has nine academic departments. Some departments award scholarships to students whose major is housed within the specific department.

How to Apply
Freshmen and transfer students must submit the Oklahoma State Application for Admission and Scholarships and indicate their college choice and major. Completed applications will be utilized for scholarship consideration at all three levels.

When to Apply
For full semester entry completed admission/scholarship applications must be submitted by November 1 to receive early scholarship and financial aid notification and to compete for the highest level academic college awards. For full consideration apply by the February 1 priority scholarship deadline. Apply by October 15 for spring semester entry.

Scholarships

Agribusiness**
Agricultural Communications*
Agricultural Economics**
Accounting*
Agricultural Education
Agricultural Business & Economics
Agricultural Communications*
Animal Science*
Agriculture
Animal Sciences
Agricultural Leadership

Agronomic Business
Crop Production & Management
Plant Biotechnology & Improvement
Soil & Water Resources

double major* | minor**

Oklahoma State University CASNR is committed to maintaining a nondiscriminatory educational environment. We are committed to providing an educational environment free from discriminatory conduct and recruitment and employment practices that are based on any prohibited criteria of race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age or protected veteran status. OSU does not discriminate on the basis of sex in its educational programs and activities. Examples of sexual misconduct and/or sex discrimination include: sexual violence, sexual harassment, sexual assault, domestic and intimate partner violence, stalking, or gender-based discrimination. OSU encourages any student who thinks that he or she may have been a victim of sexual misconduct or sex discrimination to immediately report the incident to the Title IX Coordinator (campus contacts below). Students may also report incidents of sexual misconduct or sex discrimination to a faculty or staff member, who is then required by federal law (Title IX) to notify the Title IX or Deputy Title IX Coordinator. If a reporting student would like to keep the details confidential, the student may speak with staff in the Student Counseling Center (405-744-5472) or the University's Victim Advocate (Suzanne Burks: 405-744-5458). For more information regarding Title IX violations, please go to: http://1is2many.okstate.edu.
Join the CASNR Family

Current students, staff and faculty in the College of Agricultural Sciences and Natural Resources (CASNR) at Oklahoma State University (OSU) want you to become part of our family. We make it a priority to create a family atmosphere in and out of the classroom. You are not a number in CASNR – you are an individual with unique needs, interests and goals.

CASNR’s motto, “Expanding Minds, Inspiring Purpose,” exemplifies our commitment to you. Faculty advising, a student-to-faculty ratio of 14:1 and the Student Success Center are just some of the ways CASNR invests in your success.

We challenge you to explore and take advantage of the unique services that CASNR offers. Faculty advising, a student-to-faculty ratio of 14:1 and CASNR’s motto, “Expanding Minds, Inspiring Purpose,” exemplifies our commitment to you as an individual with unique needs, interests and goals.

Joining the Student Success Center helps you make the transition to college, develop your leadership skills and academic pursuits, as well as assist in your total student development – and opportunities we offer in the college. Doing so will benefit your success.
