DIG DEEPER

CURIOSITY AND HARD WORK IS REWARDED AND MADE POSSIBLE THROUGH RESEARCH GRANTS AT OSU.
A CULTURAL CONQUEST

Oklahoma State students have the opportunity throughout the year to stamp their passport and learn more about the world. Programs, as short as a week or as long as a year, can be completed while still attending classes with credit hours that count. Whether it’s Cowboys in Cambridge or destinations including Brazil, Japan and more, students are spreading orange across the globe!
OSU IS DEDICATED TO REMAINING AMERICA'S HEALTHIEST CAMPUS!

BE WELL
Sometimes, you need to recharge. We have a program to fit you! Need a workout? Visit the Colvin Recreation Center, a 240,000 square-foot complex with weights, rock climbing, two pools, an indoor track and more. Programs like the Reboot Center, with stress-relief exercises and games, and Pete’s Pet Posse, where you can play with a therapy dog, are good ways to stay on track.
HARD WORK IS THE COWBOY WAY

Working while in college is encouraged at OSU. Students can make money to help toward tuition or use as spending money. You don’t have to go far to find a job. We offer on-campus positions to more than 4,000 students and employers work with students to accommodate their class schedule.
Thousands of Cowboys dedicate their free time to multiple projects every year to better the campus and the community. Students take part in events including Into the Streets, a communitywide cleanup program, or Dance Marathon, a 24-hour event to raise money for the Children’s Hospital Foundation. Cowboys care about making the world a better place!
